

A National Webinar on “Applications of Thin Film Technology”

We have organised this second consecutive online program. This Webinar was held on 24th August, 2020. The Resource Person was Dr. Manjunatha Pattabi, Prof. & Chairman, Department of Materials Science, Mangalore University, Mangalgangotri, Mangalore. He has delivered a profound talk on the Topic mentioned above. Emphasized on the basics of thin films and given valuable informations about the thin films of different magnetic materials by explaining the quantum aspects required in designing such thin film materials. Around 250 participants were present on Zoom App and the simultaneous live streaming on you tube.

Introduction to the Resource Person: By Dr. N .D. Naik.

Welcome: By Dr. S. N. Shetty, Principal, Dr. A. V. B. College of Arts & Science, Kumta.

Vote of Thanks: By Shri. Vinayak S. Bhat.

Technical Assistance: By Mr. Vivek Hegde and Mr. Karthik Shetty (B. Sc. Students)
